

Eden Pointe
Lifestyle
Hyperbaric
Oxygen

Eden Pointe Lifestyle employs the Summit to See Grand Dive vertical mild hyperbaric chamber. The chamber offers a spacious 54" diameter seating area in which you can sit upright in a comfortable lounge chair, in your own clothing. Read a book, check email, surf the web on your tablet or laptop during your 60-90 minute session.

Relax while the chamber comes "up to altitude" and pressure builds to 1.3 atmospheres. This is a pressure increase that classifies our system as painless, non-invasive Mild Hyperbaric Oxygen Therapy (MHBOT). Most users experience their ears "popping" similar to that of taking off and landing in an airplane. If ear pressure becomes uncomfortable, it can be alleviated by yawning or swallowing. Higher pressures 1.5-2 atmospheres, while increasing tissue oxygen tensions, have been associated with a risk of oxygen toxicity. These can include temporary myopia (nearsightedness), sinus pressure, and rarely seizures.

Contraindications

Hyperbaric Oxygen Therapy is not indicated in the following conditions:

- COPD/Empyema with air trapping
- Acute untreated pneumothorax
- Upper Respiratory Infection (URI, cold, sinus congestion)
- Congenital spherocytosis

Or if under treatment with:

- Cis-platinum chemotherapy
- Doxorubicin (Adriamycin) chemotherapy
- Disulfiram (Antabuse)
- Mafenide acetate (Sulfamylon) topical antibiotic for burns

Description

Scheduled sessions are exactly 60 or 90 minutes including the time for compression and decompression of the chamber. This adds approximately 15 minutes to the total time in the chamber. Late arrivals will require shortening the total time if followed by another scheduled session. Oxygen is supplied by mask at 4 liters/minute flow rate.

Sessions

These may range from a few to many sessions. Optimization of surgical outcomes or athletic performance enhancement may consist of 10-20 sessions. Chronic disease and neurological conditions, such as rheumatoid arthritis, Lyme disease or traumatic brain injury, may require up to 40 sessions.

Requirements

A physician's referral is required for mild hyperbaric oxygen therapy. This may be ordered by an MD, DO, DC or ND, who will determine the length and number of sessions. HIPPA and Consent Agreement forms must be reviewed and signed prior to your first session.

Fee Schedule

Payment is expected at the time of service. Pre-payment frequent diver plans are available making multiple treatments more affordable.

	Single session	Pre-payment
60-minute session	\$60	\$500 for 10 sessions (\$50) \$900 for 20 sessions (\$45) \$1600 for 40 sessions (\$40)
90-minute session	\$90	\$800 for 10 sessions (\$80) \$1400 for 20 sessions (\$70) \$2400 for 40 sessions (\$60)

The content and information provided here is for informational and educational purposes only and is not intended as medical advice. Please consult a physician before pursuing any form of medical treatment. No claims are made as to the effectiveness of hyperbaric oxygen therapy in the treatment of specific conditions. Eden Pointe Lifestyle makes no express or implied warranty regarding any health benefits that may be derived from the use of a hyperbaric chamber. A portable hyperbaric oxygen chamber is a Class II Medical Device, and as such its use or purchase requires a physician's prescription.

Policies

- In consideration for people who are waiting for appointments, we appreciate 24-hour notice of cancellation. We may charge you for appointments that are missed or canceled without proper notice.
- Due to the sensitivity of other patients and staff, refrain from wearing perfume, after-shave, or essential oils.
- We encourage you to arrive on time for your scheduled appointment. If you arrive late, we may choose to shorten your session. A shortened session will be charged the full fee.
- For your convenience we accept cash, check, Visa, or MasterCard. Please note that all payments are due at the time services are rendered. Pre-paid packages must be paid in advance or at the time of service.

Federal law dictates that we are not allowed to share health care related information about you without your permission. For example, we will not share information about your scheduled appointments or the number of visits you have left on a shared pre-pay package. This law also applies to your spouse/partner. If you would like us to be able to share this type of information with your spouse, partner, or anyone else, please complete the *Designation of Personal Representative* form.

Instructions

- Wear comfortable **cotton** clothing.
- Leave coat and shoes in entryway.
- Inform us of changes in your medications and medical status.
- Empty your bladder immediately prior to your session to avoid discomfort.
- No food or drinks allowed. However, if you have diabetes, we ask you to bring a snack in case your blood sugar drops in the chamber.
- No flammables allowed inside the chamber.
- Schedule your next appointment prior to leaving.
