"At least send me an Air Mail response if you would, stating definitely whether or not you have ever heard anything to the effect that Christ was really and originally a derived Being instead of eternally pre-existent. It of course was one thing to exist before His earthly life, and another thing to be part of the eternal Godhead, always existent with the Father and the Holy Spirit, as it is so clearly expressed in the writings of Ellen White, and definitely stated in different ways in the Waggoner book"
