Walter R. Martin

March 12, 1968.

[excerpt]

My dear Walter:

Back in the days when we were having the conferences, you were deeply interested in some things I worked out on the Deity of Christ from the totally different approach.

The last couple of weeks I have written the enclosed monograph, which expresses in pretty clear terms my deep convictions on this great theme. Would you be interested in looking this over and letting me have the benefit of your reactions. I would not cite your name.
